HOSPITALITY RANGE

Our hotel range offers phones with an iconic retro design, available in analogue or SIP/VoIP versions, to meet the needs of all establishments, regardless of their telephony system.

Combining classic elegance with modern functionality, our models are designed to blend harmoniously into guest rooms, receptions and common areas.

Easy to configure and compatible with all major PBX systems, they offer a reliable, intuitive and aesthetically pleasing user experience.

BESPOKE DESIGN

At GPO RETRO, every telephone is conceived as an extension of your establishment: we create telephones that are functional, aesthetically pleasing and adapted to the requirements of the hospitality sector.

Our range includes both standard, ready-to-use models and fully customisable phones for establishments wishing to reflect their identity down to the smallest detail.

Logo in the centre of the dial, customised colour, programmed buttons for reception or internal services: every element can be thought out with you to create a solution that fits perfectly into your world.

Whatever your choice, minimalist or customised, you benefit from a device designed to adapt to your environment, combining design and performance to enhance the customer experience.

In short, we help you extend your style down to the smallest detail for a consistent, harmonious customer experience, from reception to bedroom.

“
The elegance of retro,
powered by the
technology of tomorrow.”

BUILT-IN TECHNOLOGY

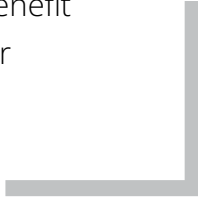

Retro phones, modern technology, worldwide compatibility.

Our SIP phones work anywhere in the world, and fit perfectly into hotel rooms, lobbies or offices.

The GPO RETRO SIP / VOIP range combines vintage style and modern performance, while being fully compatible with hotel telephone systems. We can also include a speed dial for added convenience.

To ensure the security of your guests and your infrastructure, our phones benefit from remote firmware updates and secure access via Web authentication for configuration.

SIP // VOIP PHONES

The benefits:

Updating firmware via the Web to keep your facility's phone system up to date is simple and straightforward.

Automatic provisioning thanks to the user-friendly interface.

Adding new phones to your network is quick and easy.

Compliance with international safety and operating regulations:

USA FCC Part 15B;

EN 55032, EN 60950-1;

EN 55024, EN 61000-3-2;

Directive 2002/95/EC RoHS;

Compatibility of GPO IP phones with the leading IP-PBXs in the hospitality sector.

Immediate installation thanks to the included RJ45 WAN connection cable.

Colours available according to model or other colours on request.

Options to complement the decor of your rooms or reception area.

All SIP phones will soon be available in Wi-Fi version

ANALOGUE PHONES

In addition to our range of SIP telephones, our catalogue also includes a selection of analogue telephones for business and residential environments. Simple, reliable and economical, these models are the ideal solution for users looking for traditional telephony without compromising on quality.

Designed to meet essential communication needs, our analogue phones stand out for their robustness, ease of use, and compatibility with the majority of standard analogue telephone installations (POTS/RTC).

They are also an excellent choice for mixed environments where SIP and analogue infrastructures coexist, thanks to their perfect integration with ATA (Analogue Telephone Adapter) and VoIP gateways.

The GPO 746 rotary phone prides itself on its traditional, authentic look, but also on its built-in modern technology.

Households in the 1970s loved the GPO 746, and our updated design perfectly echoes its classic, no-frills style.

Available in black, grey, azure blue, sky blue, white, ivory, pink, mint green, red, orange and mustard.

Features:

- Authentic bell ringer.
- Iconic 70s design.
- Traditional rotary numbering.
- Ring on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 1 kg
- Dimensions: W 21.5 x D 16 x H 14.5 cm

746 ROTARY PHONE

GPO 200

The GPO 200 takes its inspiration from the bakelite telephones of the 40s and 50s, revisited here with an elegant metallic finish. Combining vintage design and modern technology, it features an authentic mechanical ring, a comfortable handset and a rotating keypad.

Features:

- Authentic bell ringer.
- Metal base and handset.
- Traditional rotary dialing.
- Traditional looped fabric handset cord.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 1.3 kg
- Dimensions: W 18.5 x D 16 x H 14 cm

Available in black.

The GPO 746 push-button telephone is one of the most popular telephones ever designed.

A true slice of British history, this phone features an authentic ringtone and easy-to-use push-button operation.

Available in black, gray, azure blue, sky blue, white, ivory, pink, mint green, red, orange and mustard.

Features:

- Authentic bell ringer.
- Iconic 70s design.
- Push-button dialing.
- Ring on/off switch.
- Compatible with telephone socket and box (RJ11 cable supplied).
- Weight: 1 kg
- Dimensions: W 21.5 x D 16 x H 14.5 cm

746 PUSH BUTTON PHONE

Combining vintage style and practicality, the GPO 746 wall phone is easy to install on the wall and blends perfectly into any interior, whether at home or in the office.

Its iconic design adds an elegant retro touch, while its integrated mechanical ringer faithfully reproduces the original bell for an authentic, old-fashioned experience.

Available in red, ivory, black, pink and mint green.

Features:

- Authentic bell ringer.
- Iconic 70s design.
- Push-button dialing.
- Ring on/off switch.
- Compatible with telephone socket and box (RJ11 cable supplied).
- Weight: 0.75 kg
- Dimensions: W 14.5 x D 8.5 x H 24 cm

746 WALL PHONE

The GPO Carrington is both classic and contemporary.

Its design is based on the bakelite telephone of the 1920s, and features push-button dialing and a pull-out tray (originally used to store the phonebook).

Features:

- Authentic bell chime.
- Iconic early 20th-century design.
- Pull-out note drawer.
- Push-button dialing.
- Ring on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.85 kg
- Dimensions: W 16 x D 16.5 x H 22.5cm

CARRINGTON

Available in ivory, red and black.

UNION FLAG PHONE

There's nothing better than a retro classic walking hand in hand with cutting-edge design. Featuring the English flag, this fully functional phone has a superb rubberized finish and is ready to be plugged in and used.

Features:

- Modern electronic bell.
- Push-button dialing.
- Tactile tone.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.85 kg
- Dimensions: W 15 x D 23 x H 14 cm

AUDREY

The GPO Audrey, a small push-button telephone with a retro 60s look, blends easily into any interior. Compact, discreet and sturdy, its rubber feet keep it firmly in place. Its ringer can be deactivated via a switch, ideal for preserving peace and quiet.

Available in black and ivory.

Features:

- Iconic 60s design.
- Push-button dialing.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.8 kg
- Dimensions: W 22 x D 10 x H 10 cm

Born in 1964, the Trim Phone's compact, functional design made it one of the most iconic phones of the 70s. The GPO Trim Phone can be used on a desk or mounted on a wall, depending on your needs.

Available in mustard, ivory, pink, black and red.

Features:

- Iconic 60s design.
- Wall-mounting option.
- Push-button dialing.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.7 kg
- Dimensions: W 11 x D 21.5 x H 11.5 cm

TRIM PHONE

OPAL

With its chic, timeless look, the GPO Opal takes its inspiration from vintage telephones while incorporating today's essential features. Its meticulous design makes it a beautiful decorative object, while its compatibility with all standard analogue telephone lines, including Internet boxes, guarantees easy everyday use.

Features:

- Iconic 60s design.
- Push-button dialing.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.8 kg
- Dimensions: W 22 x D 10 x H 10 cm

Available in white.

PEARL

Inspired by the iconic telephones of the early 20th century, the GPO Pearl captivates with its refined design and elegant silhouette. Its subtle cream finish and delicate lines make it much more than just a telephone: it's a piece of character that enhances your interior while remaining perfectly functional.

Features:

- Iconic early 20th-century design.
- Push-button dialing.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.8 kg
- Dimensions: W 23 x D 12 x H 15 cm

Available in ivory

DUCHESSE

GPO's Duchesse is regal in form and classic design. Lovingly designed by GPO, the Duchesse telephone features a solid brass finish and a traditional fabric loop cord for the handset.

Available in solid brass.

Features:

- Traditional handset cord in looped fabric.
- Push-button dialing.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 1 kg
- Dimensions: W 20 x D 15 x H 15 cm

DUKE

GPO's Duke, a model from the early 20th century, is an elegant addition to any living space. The Duke boasts traditional features such as a sliding tray for notes, a solid, high-quality finish and a looped cord for the handset.

Available in black.

Features:

- Iconic early 20th-century design.
- Push-button dialing.
- Ringer on/off switch.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.8 kg
- Dimensions: W 23 x D 12 x H 15 cm

The GPO Diner, with its design inspired by coin-operated telephones, takes us back to another era. Add a vintage, authentic touch to your entrance or reception, without the need for a single coin!

Features:

- Coin box with lock and key.
- NO coins required!
- Push-button dialing.
- Redial button.
- Side-mounted receiver.
- Looped cord.
- Traditional ringer.
- Ringer volume ON/OFF switch.
- Wall or desk mounting.
- Compatible with telephone socket and Internet box (RJ11 cable supplied).
- Weight: 0.9 kg
- Dimensions: W 21 x D 14.5 x H 46 cm

DINER PHONE

Available in black.
